- Features and benefits of the sheet masks

FORMATS

- Face & neck - semi-automatic packaging
- Face - automatic packaging

PRODUCTS & FORMULATIONS

- 1S63 Anti-ageing sheet mask
- 1S64 Collagen sheet mask
- 1S81 Charcoal puri-detox sheet mask
- 2S11 Hands sheet mask - exfoliating & softening
- 2S12 Feet sheet mask - exfoliating, purifying & softening
Inspired by the rituals of Asian beauties, sheet masks have become inescapable in the cosmetics market. They follow the Easy mask® trend: ready-to-use masks, easy to use that get carried away everywhere.

Technature has developed a range of sheet masks with specific and customizable formats.

The advantages:
- adjustable products that are suitable for all types of face and skins (perfectly follow the face contours and adheres throughout the duration of the care),
- targeted cares (face, eyes, hands, feet), performing with exceptional properties,
- easy to use (single use, single dose) and convenient,
- French quality products meet hygienic and traceability standards.

4 available formats:
- 1 « funky » variant with these ear hooks. This mask allows to maintain and strengthen the lifting effect.
- 2 « targeted » variants with masks specially designed for hands and feet.
- 1 « auto » variant: NEW sheet masks manufactured and packed in France thanks to a fully automatic equipment in partnership with Sicofor. Automation allows the impregnation of all types of juices: serum, lotion, emulsion ... Don’t wait any longer to add a cost-effective and top quality product into your range!

These automatic masks are packaged in a sachet with a protective film:

PRESENTATION

**3 tissues**: white, black and Lyocell very soon (in September).

Charcoal sheet mask, its composition:

Discover charcoal, ideal for mixed to oily skins, exposed to pollution, stress and for smokers. It eliminates impurities. Its efficacy is undeniable. With great power of absorption, it purifies the skin, eliminates toxins and regenerates the skin. Thanks to its antioxidant and anti-aging properties, it makes a tired skin glow.

**Antibacterial effect**
Charcoal bamboo is a natural antioxidant that helps to fight against bacteria responsible for acne for example.

Maintain a moisture balance
Its absorptive capacity matify the skin.

**Absorption capacity**
Bamboo charcoal fiber contains active charcoal and minerals. They have a great capacity of absorption. Get this real skin care and detox products with absorbing properties that purifies the skin and eliminates toxins and impurities accumulated in the skin each day and also, excess sebum.

Well-known for its absorption capacity, detoxifying and anti-pollution properties, bamboo charcoal fiber uses nanotechnology (it is a field of science. The aim is to study and make structures that allow to give new functionalities). For example, odour neutralisation and antibacterial effect.

Composed of bamboo charcoal fiber and made of black tissue, this mask is obtained thanks to two steps:
During the first step, bamboo is dried and burnt at 800°C. Then, during the second step, a thermal shock is created to open the charcoal pores. That allows to activate its absorbing power.

Bamboo, an ecological material
In addition to its technical advantages, Bamboo has many environmental benefits. Indeed, this charcoal of vegetable origin is made by bamboo controlled combustion. This last one emit less smoke and air pollution compared with natural charcoal.

Ritual of beauty: How to use them?
Easy! Application in just 15 seconds and ready to be taken anywhere (on the plane, on trip...)
You place, you wait (15min), you throw it!

According to your needs, Technature s'adapte your specifications. Therefore, we propose 3 types of masks products in single dose sachets:

- **Catalogue products**: (products that you can find in our brochure): these are formulas available as such, easy you just have to affix your design and your mark on the packaging via a label. Indeed, the entire cosmetic regulatory file is already established and the products are in stock.

- **Standard products**: tall as the formulas in the catalogue, the entire regulatory file is available. More customizable, the sachets can be completely printed and you can mix formats and formulas present in the catalogue. However, the products are not in stock; we produce on demand.

- **Specific formulations**: these are unique products, dedicated to your brand and formulated with our R&D – Integrated laboratory.

All the sheet masks presented in the catalogue are packaged in white OPP sachets to guarantee a visual appearance and a more qualitative touch.

Anti-ageing sheet mask

**The + Maintien**
A specific cutting form for an immediate tensor effect! This tissue mask has ear hooks to preserve, maintain, and strengthen its lifting effect.

**The + Benefit**
This sheet mask is impregnated with a rich serum in hyaluronic acid, lifting agent (Osilift®) & apple stem cells in order to support the natural regeneration capacity of the skin and to act favourably on enhancing the protective barrier. Fine lines are reduced, while hydration, firmness and elasticity are reinforced.

Properties of the ingredients:

<table>
<thead>
<tr>
<th>Ingredient</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>PhytoCellTec™ MD</td>
<td>PhytoCellTec™ MD is a liposomal preparation based on the stem cells of a rare Swiss apple.</td>
</tr>
<tr>
<td></td>
<td>- Protects longevity of skin stem cells</td>
</tr>
<tr>
<td></td>
<td>- Delays senescence of essential cells</td>
</tr>
<tr>
<td></td>
<td>- Combats chronological aging</td>
</tr>
<tr>
<td></td>
<td>- Preserves the youthful look and the vitality of your skin</td>
</tr>
<tr>
<td></td>
<td>It provides a revolutionary anti-aging performance for real rejuvenation.</td>
</tr>
<tr>
<td>Hyaluronic acid</td>
<td>Powerful regenerating cells, it preserves the youthful tissue and fights against the signs of skin ageing. Due to its relatively small molecule, Hyaluronic acid is able to penetrate stratum corneum. As we age, skin loses hyaluronic acid and the ability to hold sufficient water in this reservoir. Feeding new hyaluronic acid to skin may help hydrate skin’s intercellular reservoir, raising skin’s moisture level, and smoothing down age lines.</td>
</tr>
<tr>
<td>Osilift®</td>
<td>It is a natural polyoses purified fraction obtained from oats. It is able to perfectly fit the skin microrelief thanks to its tri-dimensional and high molecular weight configuration. It has an immediate smoothing and lifting effect visible at the skin surface.</td>
</tr>
</tbody>
</table>

Ritual of beauty:

Open the peelable aluminium sachet. Extend the tissues mask (folded in 3). Place the mask over a thoroughly-cleansed face (1) and then the upper ear hoops onto your ears (2). Place lower ear hoops to your ear for a lifting effect (3).

Leave the mask on for 15-20 minutes and remove the mask and gently massage any excess serum into the skin.
Collagen sheet mask

Properties of the ingredients:

<table>
<thead>
<tr>
<th>Ingredient</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Collagen</td>
<td>Main component of the conjonctive tissue of the dermis, the collagen is responsible for the skin’s elasticity and resistance. The collagen has exceptional moisturizing properties. It boosts the dehydrated cells and helps to restructure the dermal tissues and fight against its ageing.</td>
</tr>
<tr>
<td>Vitamin E</td>
<td>Re-inforcing the hydrolipidic film of surface and cell membranes, it improves the barrier function of the skin. The loss of water of the skin is decreased. The moisturizing properties of vitamin E, by the regulation of the hydrous flow, are increased when the applications are repeated. The skin becomes more supple and soft.</td>
</tr>
</tbody>
</table>

Ritual of beauty:

1. Open the peelable aluminium sachet. Extend the tissues mask (folded in 3). Place the mask over a thoroughly-cleansed face (1) and then the upper ear hoops onto your ears (2). Place lower ear hoops to your ear for a lifting effect (3).
2. Leave the mask on for 15-20 minutes and remove the mask and gently massage any excess serum into the skin.

Durability: 36 months

Charcoal puri-detox sheet mask

Properties of the ingredients:

<table>
<thead>
<tr>
<th>Ingredient</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>AC.NET™</td>
<td>Association of oleanolic acid and nordihydroguaiaretic acid (NDGA) in an osmotic gel. Oleanolic acid inhibits 5-alpha reductase to fight hyperseborrhoea. NDGA is a cell growth regulator that inhibits hyperkeratosis and inflammation. This association helps to control bacterial growth. It is an ideal ingredient for oily skin care.</td>
</tr>
<tr>
<td>PoreAway®</td>
<td>PoreAway® is an active ingredient based on mastic, an aromatic resin coming from the bark of a tree that grows on the Greek island of Chios. A precious resin to fight dilated pores and matify the skin. The benefits: - reduce the appearance of pores - fight shininess, blemishes and clogged pores - manage imperfections for a skin purified all day - keep skin clear and refined</td>
</tr>
<tr>
<td>Vitamin B6</td>
<td>Vitamin B6 purifies the skin through a seboregulator activity. It maintains a healthy skin.</td>
</tr>
</tbody>
</table>

Ritual of beauty:

Open the peelable aluminium sachet. Extend the tissues mask (folded in 3). Place the mask over a thoroughly-cleansed face (1) and then the upper ear hoops onto your ears (2). Place lower ear hoops to your ear for a lifting effect (3).

Leave the mask on for 15-20 minutes and remove the mask and gently massage any excess serum into the skin.
The Product
Ideal to repair hands in cold weather times, this exfoliating tissue mask is the vital ally to give new life to hands. Thanks its «gloves-mask» shape, this targeted care with natural AHA is easy to use. It helps the natural process of dead skin cells elimination. A gentle care at hand!

The Benefit
This exfoliating and softening hands sheet mask is impregnated with a serum rich in Lime Caviar extract. This precious citrus fruit has strong exfoliating properties due to its high Alpha-Hydroxy Acids (AHA) content. A gentle skin exfoliation for smoother and brighter hands.

Properties of the ingredients:

| Caviar lime extract (Lime Pearl™) | Lime Pearl™ is a natural exfoliating agent derived from the native Australian caviar lime, magnificent citrus fruit containing small caviar size capsules. New source of natural AHAs, it acts on a new biological mechanism by stimulating TRPV3 (Transient Receptor Potential Vanilloid-3) keratinocyte transmembrane channels in order to improve the desquamation process and avoid dead cell accumulation at the surface of the skin. The activation of TRPV3 (opening and synthesis) is a new mechanism to improve ionic exchanges and increase Ca2+ concentration into keratinocytes in order to stimulate the exfoliation process. After only 30 minutes, the caviar lime extract provides gentle skin exfoliation for smoother and brighter hands. |

Durability: 36 months

Hands sheet mask
exfoliating & softening

Properties of the ingredients:

<table>
<thead>
<tr>
<th>Ingredient</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hyaluronic acid</td>
<td>Hyaluronic acid is one of the most important components of the skin. With its powerful water-retaining ability, it plays a major role in the integrity of skin structure and the regulation of skin hydration. Applied on the skin, it forms a nonocclusive moisturizing film that gives the skin a soft &amp; velvety appearance.</td>
</tr>
<tr>
<td>Oligogeline®</td>
<td>Oligogeline® is produced by extraction of red seaweed called Chondrus Crispus (Carrageenans). This active ingredient acts like a second skin on two levels:</td>
</tr>
<tr>
<td></td>
<td>- A physical barrier: it forms a continuous and homogeneous film on the skin. This long-lasting action is due to the bio-mimetic properties between the skin proteins and carrageenans. They bind together forming a film on the skin’s surface, like a second skin.</td>
</tr>
<tr>
<td></td>
<td>- A biological barrier: protects and reinforces epidermis functionality, especially the hydrolipidic film that prevents skin from drying. Oligogeline® works like an actual skin plastifier without an occlusive effect. It also softens the skin through its mineral composition (magnesium and calcium especially). Co-enzyme stimulates the final epidermis resistance against environmental aggressions.</td>
</tr>
</tbody>
</table>

Protected, hydrated and remineralized, the skin is smooth and silky.

Ritual of beauty:

1. Wash your hands and dry them thoroughly.
2. Attention! before opening the sachet, spread the serum in order to distribute evenly the product in the gloves.
3. Open the packaging and apply the mask.
4. Leave it for 20-30 minutes.
5. Remove the gloves (do not reuse) and gently massage any excess serum into the skin.

The Product

Permanently solicited, too often neglected, foot are put to a severe test. To give new life to your feet, this exfoliating sheet mask is the vital ally. Thanks its shape of «gloves-mask», this targeted care with natural AHA is easy to use. This product is designed to help the dead skin’s elimination natural process and to avoid calluses. A simple and efficient solution!

The Benefit

This exfoliating, purifying and softening feet mask impregnated with a serum rich in Lime Caviar extract. This precious citrus fruit has strong exfoliating properties due to its high Alpha-Hydroxy Acids (AHA) content. A gentle skin exfoliation for a smoother, brighter and even skin complexion.

Properties of the ingredients:

Caviar lime extract (Lime Pearl™)

Lime Pearl™ is a natural exfoliating agent derived from the native Australian caviar lime, magnificent citrus fruit containing small caviar size capsules. New source of natural AHAs, it acts on a new biological mechanism by stimulating TRPV3 (Transient Receptor Potential Vanilloid-3) keratinocyte transmembrane channels in order to improve the desquamation process and avoid dead cell accumulation at the surface of the skin. The activation of TRPV3 (opening and synthesis) is a new mechanism to improve ionic exchanges and increase Ca2+ concentration into keratinocytes in order to stimulate the exfoliation process. After only 30 minutes, the caviar lime extract provides gentle skin exfoliation for a smoother, brighter and even skin complexion.
Feet sheet mask
exfoliating - purifying - softening

Properties of the ingredients:

<table>
<thead>
<tr>
<th>Ingredient</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hyaluronic acid</td>
<td>Grâce à son pouvoir de rétention d’eau, l’acide hyaluronique joue un rôle essentiel dans l’intégrité de la structure cutanée et dans la régulation de l’hydratation de la peau. Appliquée sur les couches superficielles de la peau, il forme un film hydratant non occlusif donnant à la peau un aspect doux et velouté.</td>
</tr>
<tr>
<td>Shea butter</td>
<td>Riche en triglycérides, le beurre de karité contribue à lutter contre la déshydratation de la peau. Le Kariten est source de pro-vitamines A, E et F qui revitalisent la peau et aident à conserver jeunesse et éclat.</td>
</tr>
<tr>
<td>Bisabolol</td>
<td>Le Bisabolol est un ingrédient d’origine végétale, extrait du bois de Candéia (Vanillosmopsis erythropappa). Anti-irritant et anti-bactérien, c’est un excellent actif qui aide à apaiser la peau.</td>
</tr>
<tr>
<td>Essential oil of mint</td>
<td>La menthe est connue pour ses propriétés rafraîchissantes, revigorantes, et antiseptiques. L’huile essentielle de menthe laisse la peau plus souple, relaxée avec une sensation intense de fraîcheur.</td>
</tr>
<tr>
<td>Essential oil of lavender</td>
<td>Connue pour ses propriétés antiseptiques, antimicrobiennes et analgésiques, l’huile essentielle de lavande lutte efficacement contre les infections et purifie la peau. Elle favorise la désinfection et la cicatrisation des plaies tout en apportant fraîcheur.</td>
</tr>
</tbody>
</table>

Ritual of beauty:

1. Open the packaging and put on the “sock-mask”.
2. Tie the sock with the self-adhesive strap, or if you prefer, put a normal fabric sock on top.
3. Leave it on for 30-45 minutes.
4. Remove the sockets (do not reuse) and gently massage any excess serum into the skin.

Beauty tip: before application, take a warm footbath for a better penetration of active ingredients.

Durability: 24 months
