What We Can Do For *You*

Personal Care

Skin Care

Household Care

Pet Care

Product Development

Our highly experienced New Product Development team will work closely with you to develop cutting-edge formulations and packaging solutions that turn your concepts into reality.

Full Service Manufacturing

We take care of your requirements by providing guidance and expertise from the initial meeting right through the development process to manufacturing in our BRCGS AA grade UK facility.

Contract Manufacturing

If you already have capabilities of your own but need additional support, don't hesitate to get in touch. Expac can assist by providing a service in mixing, filling and pack off.

Market Leading Products

With a wealth of product, formulatory and packaging expertise within our portfolio, Expac manufactures a range of products for the personal care, household care and pet care industries. From liquids, creams, balms and oils to powders and salts, our vast product capabilities means we have a solution for every brand.
